Why Lions Business & Services Guide?

Lions purpose and objective is to serve the community and help the needy in our society.

We are volunteers and many of us work in different trades and industries as part of our professional careers.

To strengthen the pride and foster closer relationship amongst ourselves, Lions should support each other commercially in our respective businesses and areas of services.

This Guide is a glossary listing various job classifications and work functions of Lions in our District.

Should you or your friends be looking for any of the business and services categorised in this Guide, simply refer and be connected.

We trust it will be useful for you and beneficial to the Lions being featured.

Where there is a need, there is a Lion - it applies for this publication too.
