

# We Serve with Love

District 308-A1 Singapore • 2021-2022 e-Newsletter Vol. 4 | The International Association Of Lions Clubs

Dear Lions,

This is the 4<sup>th</sup> and final issue of the District Bulletin during my term as District Governor.

I hope you have enjoyed reading the District Bulletins. The Editorial Team strived to make the Bulletin more than a pictorial magazine. Lions were solicited to contribute articles on various topics. Some of these were informative and others aimed to make us think and reflect.

I must thank the Editorial Team for making the District Bulletin something extraordinary.

My term as District Governor has been an exciting and challenging one. Having to transit from a Covid-19 environment with strict safe distancing measures to an almost pre-Covid-19 environment requires agility and adaptability.

This required my Cabinet Officers and me to review the organisation of the many events and projects in the District. We were able to hold small scale physical events - the Joint Installation, CNY Lo Hei to events with bigger capacity - the Appreciation and Awards Night. Cabinet Officers were able to participate in a Retreat in Bintan Island.

I must thank all the Cabinet Officers for their loyalty, patience and dedication. They worked hard and at times had to suffer rudeness and criticism which they took in good stride.

The Clubs must be recognised for their effort in supporting me and my Cabinet Officers. Admittedly seldom would a District Governor receive full support from all Clubs and I am no exception. Fortunately, these are only a handful and hopefully in the course of time, Lions should learn that We Serve is neutral and expects consistent participation.

Even with the economic challenges faced by many Lions as a result of Covid 19, Lions have been most generous to support LCIF and through the effort of LCIF District Co-ordinator, Lion Lucia Lim, our District secured 100 Melvin Fellows amounting to US\$100,000.

I thank everyone for the opportunity to serve as your District Governor 2021/2022.

We Serve With Love.

**LESA GAN**

District Governor 2021-2022  
Lions Clubs International

# TO DREAM THE IMPOSSIBLE DREAM

## INTRODUCTION

To dream the impossible dream

To fight the unbeatable foe

To bear with unbearable sorrow

To run where the brave dare not go ..... Mitch Leigh/Darion Joseph

The Impossible Dream made famous by Andy Williams is a powerful song – it encourages us to dream to achieve what is impossible, to be brave, to do right, to make the world better and to reach the unreachable star. It sounds idealistic. But we need ideals.

As Lions we have ideals and one ideal that is often espoused and bandied during election campaigns is UNITY.

Let us explore whether this quest of Unity is AN IMPOSSIBLE DREAM.

## UNITY

Unity means there is oneness. It is the absence of division. It requires the existence of co-operation and working together. This extends to our behavior among Lions – being fully congenial with each other, avoiding arguments, making snide remarks or engaging in disruptive conduct.

## STATE OF AFFAIRS IN DISTRICT 308-A1

An examination of the unity index in District 308-A1 is an appropriate starting point.

Is District 308-A1 united or polarised? Are there 2 camps within District 308-A1? Or are we all one big happy family?

Unless we are naïve simpletons or idealists living an illusion, we must acknowledge that our District has factions giving rise to instances of display of disunity or disharmony.

The causes may be historical stemming from past encounters. The election process for VDGs exacerbates this.

Fortunately, our District has not been reduced to a war zone whereby the tension and animosity become so pronounced. The situation is more akin to a cold war – with surface friendliness and the occasional guerrilla skirmishes.

There is still hope that we can prevent further rupture and try to mend this divide.

The question is – Where do we start?

WHERE DO WE BEGIN? – another Andy Williams ballad.

The stork answer is that every Lion should work together. While this is true, it is easier said than done.

My suggestion is that this should start from the top – the Past and Present Officers of our District (PPOAs).

## UNITY STARTS FROM THE TOP

In a sense, the Law of the Lid bears some application. The Past Officers (POAs) are the past leaders in our District. They are leaders that Lions look up to and emulate. It is only natural that the POAs take on this role of uniting the Lions.

To do so, we need to ask a more fundamental question – are the POAs united.

The answer is that there is general cordiality which is the most optimistic assessment.

Notwithstanding this assessment, must the POAs be pro-active in fostering unity among the Lions.

## POAs have a responsibility

My view is that POAs have a responsibility to foster goodwill and unity among the Lions.

The POAs are all members of the Honorary Committee. The duties of the Honorary Committee are spelt out in the Constitution and the one that stands out is the following:

Article XI Section 2 (b)(i) states:

### Promote harmony throughout the District.

The framers of the Constitution in their wisdom imposes the requirement as **promoting** harmony and not **maintaining** harmony. This difference is in recognition of the fact that a Utopian state of harmony will not exist in any District. Moreover, one cannot maintain a non-existent state of affairs.

## PROMOTING HARMONY – HONORARY COMMITTEE

Once we accept that it is incumbent on all POAs to promote harmony, the question arises how do the POAs do so?

This harmony refers to the nature of relationship among the Lions in the District. It extends to Lions working together in service. The survival of any organisation depends to a large extent that there is this spirit of togetherness. With harmony, we have unity.

## INTROSPECTION

I will take a personal approach on how a POA should conduct himself to promote harmony. It is application unto oneself to avoid any misapprehension that I am pointing my fingers at any POA. It is not a matter of the pot calling the kettle black.

For me, these are the matters that I will reflect upon and thereafter act in fulfilment of this duty to promote harmony throughout the District:

1. Accept this responsibility that as a POA I am to promote harmony throughout the District. If I do not accept and assume this function, then my words and actions would not always reflect this duty imposed.
2. Be friendly and engage my fellow POAs. I will extend warm greetings to all my colleagues regardless whether they will meet my eye or not. Never be afraid to extend that hand of friendship or reconciliation.
3. Remove all past baggage – many of us carry past hurts and baggage in life and Lions leaders are not immune to this. Why hang an Albatross on your neck?
4. Treat Lions as Lions. This means that when I deal with Lions, I treat them as Lions who wish to serve the community.

5. Do not use Lions to go against other Lions – be they leaders or otherwise. I must be mindful not to instigate Lions to go against any Lion leader.
6. Do not use Lions as proxy for any contest – it is easy at times as a leader to influence other Lions. I should avoid using Lions to fight my battles which in the first place I should not have.
7. If opportunity arises, to correct Lions who stray from the purpose of service and engage in toxic politics or antagonistic conduct.
8. Be brave enough to rein in your close ones who are Lions to act with kindness and not engage in disputatiousness.  
Be an ambassador of goodwill and not ill-will.

### **COLLECTIVE & CONCERTED EFFORT**

We as POAs have that privilege and honour to be given that role to promote harmony. Lions look up to the POAs. We are asked to be peacemakers and peacekeepers. Let us not shirk or deviate from this role.

We are not perfect and we may make mistakes or have missteps along the way. What is important is that we always strive to be worthy of that honour and duty conferred on us.

### **THE ROLE OF THE DISTRICT GOVERNOR**

There is another person that is important in this equation – the District Governor. By his actions and words, he can go far to foster that spirit of harmony or unity.

He can also be a divisive leader, only favoring those perceived to be in his camp.

### **THE FUTURE**

I am excited with what District Governor Elect (DGE) Ho Sum Kwong said in his acceptance speech at the District Convention - that he will do his best to unite and harmonise the District. This is good news.

DGE's appointment of office bearers will be the acid test – of a balanced and inclusive Cabinet that will evidence a genuine attempt to unite and harmonise the District.

But will this remain an Impossible Dream and somehow the tune and lyrics of this song linger on:

This is my quest

To follow the star

No matter how hopeless

No matter how far

And I'll always dream the impossible dream

Yes, and I'll reach the unreachable star.

PDG Steven Seah BBM

## **CABINET SECRETARY – IN SERVING THE DISTRICT GOVERNOR AND THE DISTRICT**

### **Introduction**

In terms of protocol, the Cabinet Secretary is the highest ranking non-elected officer in the District. In terms of duties and responsibilities, the Cabinet Secretary carries a heavy load. It is not an appointment many clamors for. However, if given an opportunity, I would encourage Lions, if able, to take up the challenge.

### **District Governor's (DG) right hand**

The Cabinet Secretary is effectively the DG's right-hand man. He has to work closely with the DG and carries out primarily most of the administrative tasks on behalf of the DG. The administrative efficiency of the District rests in his organisation of the Secretariat. He is the communicator, minutes taker, writer and even record keeper for the DG, among other tasks.

The appointment of the Cabinet Secretary is one that most DGs would weigh carefully. This is due to the fact that DG relies on him to cover a wide range of duties. He should be someone the DG had worked with or aware of his capability.

I do not intend to repeat the duties and responsibilities which you can find in the Constitution or Lions materials.

### **Practical Pointers**

Having served as Cabinet Secretary (CS) under the able leadership of DG Lesa Gan, let me share some practical pointers with the hope this will help future aspiring Cabinet Secretaries.

### **Close working relationship**

Both DG and CS must work well together. This means that they must be at ease with each other with no barriers in communication. There must be mutual respect for each other and yet no fear of each other. The synergy should be strong - a bridge never too far if I may borrow this from an article from the last bulletin.

### **Good command of English**

The medium of communication is English. The CS must have a good command of English. It need not be the Queen's English nor English with perfect grammar. However, his writings must be properly structured with a minimum of grammatical errors. This is important for effective communication. CS takes minutes which records the proceedings and decisions made. If minutes are not well written, the CS will have to deal with Lions who not only correct but nick pick on the minutes. This wastes time and casts a poor reflection of CS and at times the nick picker.

### **Well versed in protocol**

The CS should have protocol at his fingertips as it is common for Lions to seek the advice of CS on matters of protocol. It is customary for CS to conduct the protocol segment of an event or meeting.

### **Accessibility**

CS must be very accessible. He cannot be missing in action. Lions must be able to reach him to ask for information or seek advice, He must make it a practice to return all calls and reply to emails. He cannot be selective in his communication.

### **Loyalty**

Being the most trusted officer of the DG, he must be steadfastly loyal. He should not openly criticise the DG or do anything to undermine or discredit the DG. Even if he disagrees with the decision of the DG, he should voice his concern at a private level and not declare the disagreement openly.

### **Team Player**

The CS must be seen to fully support the District in all its activities. He works with all Cabinet Officers and supports them. He supports all Clubs in administrative matters.

### **Versatile**

There is a certain versatility expected of the CS. It is normal that should anything need to be done, the person that DG looks for is always CS.

### **Humble**

A very important trait that the CS should display is humility. He should not strut around like a peacock just because he is the CS.

### **Conclusion**

The CS is an important appointment and I hope my pointers are useful.

As CS, he should always strive to support DG and this extends not only to the job to be done but to his conduct. He will want to be remembered as an efficient and respectable CS. Obviously, he does not want to be a CS that Lions believe should be locked and kept in DG's cabinet from the beginning.

Lion Daniel Ong  
Cabinet Secretary

## DISTRICT CO-ORDINATOR GLOBAL SERVICE TEAM (GST)

When I was tasked to take up this position, I had expected it to be something easy to handle (actually it wasn't that difficult). After all, we are a small nation and how much service can we do.

Fortunately, being on the little kiasu side, I decided to do some research.

I checked our District 308-A1 Constitution and realised that there are no provisions relating to my appointment.

I then looked at the LCI Standard District Constitution and found it made provisions on the Global Action Team Co-ordinator.

It is worthwhile for me to reproduce these provisions for the benefit of all Lions.

The GST District Co-ordinator is part of the District Global Action Team which comprises the District Governor and the Global Action Team members.

The relevant provision is Article IV Section 2 and reads as follows:

Section 2. DISTRICT GLOBAL ACTION TEAM. Chaired by the district governor and includes the GMT district coordinator, GST district coordinator and GLT district coordinator. Develops and initiates a coordinated plan to help clubs expand humanitarian service, achieve membership growth, and develop future leaders. Meets regularly to discuss the progress of the plan and initiatives that may support the plan. Collaborates with members of the multiple district's Global Action Team to learn about initiatives and best practices. Shares activities, achievements and challenges with members of the multiple district Global Action Team. Attends the District Governor Advisory Committee meeting and other zone, region, district or multiple district meetings that feature service, membership or leadership initiatives to share ideas and gain knowledge that may be applied to club practices.

My duties are found in Article III Section 5 and reads as follows:

GLOBAL SERVICE TEAM (GST) DISTRICT COORDINATOR.

The GST district coordinator is a member of the District Global Action Team. His/her responsibilities include:

- (a) Encourage clubs to implement service projects that are aligned with global LCI initiatives, including the LCI Service Framework.
- (b) Work with clubs to raise the visibility of Lions service impact in local communities.
- (c) Collaborate with GMT and GLT district coordinators and the Global Action Team district chairperson (district governor) to further initiatives focused on leadership development, membership retention and growth, and expanding humanitarian service.

(d) Work with region, zone, and club service chairpersons to help clubs reach their service goals, ensure regular reporting in MyLCI, and encourage utilization of LCI tools (such as the App) to increase engagement in service projects.

(e) Support local community service projects that create a sense of belonging and pride to the Lions and Leos in the district.

(f) Promote service projects that attract multi-generational participants, including the integration and leadership development of Leos.

(g) Act as the advocacy champion for the district to implement relevant activities.

(h) In collaboration with the LCIF district coordinator, maximize LCIF resource utilization and fundraising and monitor LCIF grants given to the district.

(i) Gather club and district feedback related to service challenges, opportunities, and successes and share information gathered with multiple district coordinator to troubleshoot/remove barriers impeding the successful implementation of service programs

Whilst the responsibilities look immense, they are consultative and advisory in nature. It is promoting service projects, encouraging clubs to implement service projects and working with the clubs to achieve visibility.

The key ingredients as a GST District Co-Ordinator are:

Be an encourager – he/she does not adopt a belligerent attitude and find fault with clubs. There should be no reprimand or scolding like why never do this or why like that etc.

Be inclusive – work with all clubs and not pick and choose. Never exclude any club that needs your attention as this would be divisive and counter-productive.

Be a problem solver – he/she should attempt to help and solve the problems that clubs have on service.

Be tight-lipped about clubs' problems – for clubs to be comfortable with the GST District Co-Ordinator, he/she should keep in confidence the issues each club faces. He/she should not be telling the Lions the problems of any club on service as this will deter clubs from seeking his/her assistance.

Point 4 is important as you do not want to expose the weaknesses of the clubs as it may be seen as a form of shaming.

The GST District Co-Ordinator focusses on service and if he/she lacks the key ingredients, he/she will not be effective.

Lion Ivan Ong

## Lions Save Sight Centre (LSSC)

The Lions Save Sight Centre (LSSC) has, since its inception in 2008, touched the lives of thousands through its many eye screenings and eye education talks over the years.

Our LSSC 1st Lions World Sight Day (LWSD) eye screening project was conducted in 2009 and the last one before the pandemic struck was in 2019 held at Sembawang CC. We have screened many thousands of seniors during the past 14 years of eye screening projects and identified many significant eye conditions or diseases such as cataract, glaucoma, diabetic retinopathy, age-related macular degeneration etc. in the beneficiaries, and have referred them to eye departments for further management and follow up.

The eye screening teams are made up of keen Lions who volunteered their time and effort, and also eye specialists, optometrists and nurses from Singapore National Eye Centre (SNEC). Other than LWSD, eye screenings have also been conducted at Lions Homes including Senior Activity Centres affiliated to the Lions.

There were no LWSD and other eye screenings for the past two years due to MOH COVID-19 restrictions. We plan to resume LWSD project for this year of 2022 in October. So far, we have conducted a successful eye screening event at Lions Befrienders Clementi Active Aging Centre (AAC) on 5th June 2022 and it benefited 104 beneficiaries. The next eye screening is on 31st July 2022 at Lions Befrienders Queenstown Mei Ling AAC.

During the pandemic period 2020 to 2022, we also changed the mode of operation of LSSC to focus more on regular zoom education eye talks which were conducted by eye specialists from SNEC. (See attached examples of e-posters of such zoom talks which covered important eye conditions).

There were more than 10 of such talks and attendees received relevant information about eye conditions such as Diabetic Retinopathy, Dry Eyes, Eyelid conditions, Cataracts, Glaucoma etc. during the talks and had the opportunity to participate in question-and-answer sessions. The talks were well attended. Many positive feedback and compliments were received from the attendees.

The LSSC has grown from strength to strength over the years and it adheres to its goals of preventing blindness and preserving vision. The Board of Directors of LSSC is a dedicated group and meet regularly once every two months to strategise and plan directions and the activities of the LSSC.

Sight is regarded by many as the most important sense in this modern world, and the preservation of sight will always remain a cornerstone to good quality of life. This is a worthy mission which the Lions District has readily endorsed, and many Lions have gladly come forth to lend their energies and resources in support of such meaningful Lions work.

Roar, Roar, Roar!

(No registration needed)

**IN MEMORIAM**  
**PAST COUNCIL CHAIRMAN WONG PON TONG**  
(Affectionately known as **PT WONG**)  
**1940 to 2022**

The late PCC PT Wong's tired body was laid to rest on 10 April 2022. Although he had weakness in his legs and contracted Covid-19, his demise came as a surprise to many Lions.

Wong Pon Tong was affectionately known as PT or PT Wong to many. Born in Kuantan, West Malaysia, he settled down in Singapore. PT was a lawyer undertaking mainly litigation cases.

In September 1967 PT became a member of the Lions Club of Singapore Host, the oldest club in Singapore. Subsequently he chartered the Lions Club of Singapore Shangri-La on 19 January 1989. He was the recipient of the 50-year Monarch Chevron Award.

The late PT had an illustrious history as a Lion. He was elected to the office of District Governor of District 308A in 1990 and was Council Chairman of Multiple District 308 in 1993. He was one of the founding directors of the Lions Home for the Elders and served as the Chairman from 1987-1988. He was also a key member in the expansion of MD308 to what it is today consisting of 4 Districts - 308-A1, A2, B1 & B2.

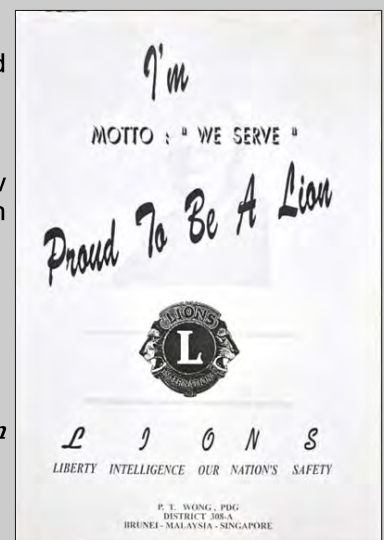

PT Wong was an effective trainer in MD308. He published a well-received guidebook titled, **"I'm Proud To Be a Lion"** in 1993.

This book is a comprehensive guide covering all aspects you need to know about Lionism including Leadership Development. The following extracts from his guide would display his creativity in his training approach:

**On Lionism**

*To Enjoy Lionism, remember the acronym: **ROPE***

***R** – **READ** and understand the principles and applications of **Lionism***

*O – ORGANISE all your Club Activities based on the principles of Lionism*

*P – PRACTISE the principles yourself and transmit them to fellow members*

*E – be ENTHUSIASTIC by learning to enjoy whatever you do*

### *On Types of Leadership*

#### *“SEAGULL” LEADERSHIP*

*If you have been to a beach, you would have observed how SEAGULLS behave. They fly in, make a lot of noise, dump their shit on you, then fly off. You are left to do the cleaning up.*

#### *“HOUDINI” LEADERSHIP*

*Now you see them; now you don't. you see them always available at the Grand Dinners, ceremoniously shaking hands and making the presence felt.*

*But when the need arises for them to lend a helping hand in solving problems, as expected of them, they are not to be found.*

#### *“BLISTER” LEADERSHIP*

*As the word defines, a ‘Blister’ only appears after all the work is done.*

We remember PT as someone intelligent, witty with a great sense of humour. His clever use of words was one of his unforgettable traits. Whenever PT spoke, there was always an expectation that his words would captivate the audience. This was effective when matters of the District caused him concern and affected him. He was not afraid to speak out and showed that he can be firm and uncompromising in issues of integrity and righteousness.

This was evident at the 14<sup>th</sup> District Convention and the following transcript of the minutes reveals the man he was – light-hearted and yet unyieldingly upright.

*I must congratulate ..... that he put me to sleep because it is very confusing. Actually, the terms of the Constitution are pretty simple, but it is made in such a way that I can't understand and I believe you can't understand.*

*I must stop you for the point of order. Don't treat us like school kids. I never got so angry in my life. 40 years as a Lion. I just want a level playing field. So that whoever candidate is elected, good luck to him, we will endorse him and it is honourable.*

Owing to his sense of humour, PT was one of the very few Lions in District 308-A1 that can be regarded as a consummate Lion Twister. He was able to tease without offending with the chosen Lion ever willing to generously contribute to the fine.

If there was any criticism of PT, it could be said that his training skills were of the old era – no slides, no power-point or other visuals. He read straight from the script.

He was what we would call old school.

And that is what makes PT so likeable and respected as a Lion – his old school charm and manners.

We will miss PT.
